- Experience managing multiple calendars with competing priorities and composing business correspondence
- Experience supporting multiple Executives and Directors in a fast paced environment, as part of an administrative support team
- Proven ability to handle confidential information with complete discretion and maturity, and the ability to deal with ambiguity by using good judgment
- Strong organizational skills that reflect the ability to perform and prioritize competing tasks
- Flexibility to work with transatlantic commitments
- Strong decision-making, problem-solving, time management, and organizational skills
- Great interpersonal skills with the ability to work with a wide variety of internal customers and external business contacts
- Excellent attention to detail
- Excellent written and verbal communication skills
- Highly proficient with MS Office
- The willingness to go above and beyond to get things done

About Aimmune Therapeutics, Inc.

Aimmune Therapeutics is a clinical-stage biopharmaceutical company founded to address the unmet medical need in food allergy, which currently has no approved treatments. Our mission is to improve the lives of people with food allergies, based on our proprietary desensitization treatments in development. Aimmune's lead investigational drug for peanut allergy, AR101, is in Phase 3 clinical testing in North America and Europe. Headquartered in the heart of San Francisco's biotechnology hub, Brisbane, California, Aimmune has additional offices in the Kings Cross area of London, and in Raleigh, North Carolina.

Qualified candidates should forward a resume and cover letter, including a statement of interest, availability, and experience to Human Resources (careers@aimmune.com) with the job title in the subject line.

Aimmune Therapeutics is an Equal Opportunity Employer.

Principals only; no recruiters please.
